

DECLARATION UNDER 37 CFR 1.131

We, ~~Wojtek~~ Przytula and Denver Dash, hereby declare that **we invented the subject matter of Patent Application No. 10/692,697 at least as early as the date of March 4, 2002, and by acts undertaken wholly in the United States of America, have diligently pursued this invention with the purpose of its constructive reduction to practice on the filing date of October 23, 2003.**

The invention that is the subject of this patent application was captured in an Invention Disclosure, included herewith as Appendix A. Referring to Appendix A, as noted on sheet 2, box 3, I declare that we first completed a written description of the invention by March 4, 2002. We thereafter diligently pursued the invention until its filing date.

The invention disclosure (i.e., Appendix A) provides support for the subject matter in all of the claims of Patent Application No. 10/692,697. A mapping of the independent claims to the relevant portions of the invention disclosure can be found in the Office Action Response that is submitted herewith. Thus, the invention disclosure provides support for each of the claims in Patent Application No. 10/692,697.

We hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
